

Learning at Wensum

Writing

In writing this term, Year 6 will be writing descriptive narrative using the text 'the Varmints'. They will explore emotive and figurative language and will also strengthen their editing skills.

How you can help

Talk about different locations and their features.

Science

In topic this term, Year 6 will be classifying living things. They will be exploring how vertebrates, invertebrates, plants and micro-organisms are grouped according to shared characteristics.

How you can help

Compare pets, birds and plants seen locally and discuss why living things look different and how they survive in different habitats.

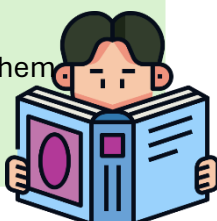

Reading

In reading, Year 6 will be developing their reading skills using retrieval and inference.

How you can help

When your child reads at home, ask them what they have read and what they think will happen next.

Maths

In maths, Year 6 will be ordering and comparing numbers up to 10,000,000. They will be focussing on the four operations – addition, subtraction, multiplication and division. They will be learning formal written methods for these, as well as learning the order of operations.

How you can help

Support the learning of times tables and LBQ online tasks. Take every opportunity to talk about number, for example in the context of money.

Topic

In history, Year 6 will be learning about the impact of World War II on Britain by exploring its causes and the experiences of people during the conflict.

How you can help

Research facts and watch child-friendly documentaries about the war, for example evacuation.
